Where: Brookhaven State Park, Ridge, NY

Directions: Park entrance is located across the intersection of Whiskey Road and William Floyd Parkway

We will meet in the parking lot.

Hosted by: Mr. Kevin Walsh of the Mount Sinai Elementary School and Ranger Eric Powers of the Center for Environmental Education and Discovery at ceedli.org

Questions: Email Kevin Walsh at kwalsh@mtsinai.k12.ny.us

Join biologist Eric Powers, founder of the Quail vs. Ticks Study, and educator Kevin Walsh for the release of the Mount Sinai Elementary School's covey of quail. Be advised that ticks are present on the park's pathways and precautions should be taken. These include using tick repellent, tucking pant legs into socks and using a lint roller. All are welcome to attend!
